Meeting with Andrew Ringler
10/3/2016. About his website.

- I want a website for the course I am teaching
- It should have:
    - Syllabus
    - Course information
    - Links to student work
    - Links to in-class examples
- It should look really cool and modern
- I really want PINK links, those are neat.
- I want a anchor icon hovering around the mouse cursor
